SATELLITE MEETING
3RD INTERNATIONAL MEETING ON
NONBACTERIAL OSTEITIS (CNO)
29–30 SEPTEMBER 2015

Welcome Note

Dear colleagues and friends,

It is our pleasure to invite you to Dresden, Germany, for the 8th Congress of ISSAID, International Society of Systemic Auto-Inflammatory Diseases. Our meeting will offer numerous opportunities to convene with experts on FMF and other auto-inflammatory diseases. We hope to welcome more than 400 participants from all over the world to discuss the latest scientific and clinical developments, including new treatment options.

The conference will be held at the Dresden Hilton in the historic city center, ideally located on the Elbe River, steps away from attractions such as the famous Frauenkirche, Semperoper, the Zwinger and Royal Palace museum complexes.

We will begin with a pre-conference satellite meeting on Non-bacterial Osteitis, followed by a Young Investigators Meeting and the Opening Ceremony. On the following three days we will offer "Meet the Expert" sessions, plenary educational lectures, and oral and poster abstract presentations.

We hope to have a great conference and a pleasant time in Dresden for all!
